About euroloo™

euroloo is a leading nationwide toilet and welfare facility provider. With a successful track record built across more than 20 years, our teams and depots across the UK work to provide exceptional service to our customers. We have fleets spanning the nation, ready to deliver to where you are and focused on providing reliable and efficient service operations.

We are proud to serve all sectors of trade, industry, commerce and public services. We care about your hire experience, with a dedicated customer service team on hand to assist our customers and a mission to always innovate and develop how we work.

euroloo is committed to a sustainable, carbon neutral future and with the products and services we offer our aim is to help all our customers meet their own goals and ambitions for sustainable operations and activity.

**Silent
Operation**

**Recycled
Water**

**Near-Zero
Emissions**

**100% Renewable
Energy Powered**

**Proper
Flushing
Toilets**

Our **ecowelfare** units set the standard for sustainable technology and eliminate dependency on fossil fuel generators. High-capacity solar power, rainwater harvesting, water recycling and highly efficient, low energy consumption systems – all combine to reduce the carbon footprint and environmental impact of your site operations.

ecowelfare units are simple to operate and 100% silent, which means no noise pollution. They provide comfortable, high-quality facilities for your site personnel. Each unit has on-line system status monitoring and with our quick and easy hire process, we offer a superior support experience. Together with the benefits they bring to your team on-site, our **ecowelfare** units contribute to delivering on your sustainability and carbon reduction goals.

Make a difference – without it costing the earth.

Benefits + Key Statistics

- **Fresh Flush:** 100% Fresh water flush. No chemical toilet!
- **Emission Savings:** Substantial reduction of your CO2 emissions.
- **Fuel Savings:** 1983 litres of fuel use cut per year. Saving you money in fuel.
- **Generator-Free:** Saving you from any cost of generator servicing and repair.
- **Water Efficiency:** 66% reduction in water consumption and service visits, saving you money.

Spacious & Versatile

Our 24ft unit can seat up to 15 persons at a time. Perfect for mid to large size crews!

Solar Powered

Covered from top to bottom in solar panels, these units generate their own power (no generator needed)

Easy To Deploy

These units deploy in minutes, meaning you can get onto the job at hand with no set-up

Silent Running

While running, you can count on peace and quiet. No noisy generators just peace while you're on your break

Proper Flushing Toilets

All toilets feature a fresh water flush, meaning no more chemical toilets

Net Zero

With a store of solar power, energy efficient construction and water recycling, these units are 100% green!

Instant hot hand wash water

Remote monitoring of energy

Ultra efficient electrical system

No Generator breakdowns or servicing

Meets all HSE & CDM standards

With **ecowelfare** you will be saving...

Around **£47** per week in toilet servicing costs

Up to **£100** per week by not having to pay for generator fuel

And up to **£44** per week in generator servicing costs

By not having to pay for the above, you can save up to **£191** per week!

Not only this, your **CO2 Emissions reduction** will be around **8894kg** annually

**calculations based on the hire and usage of a 24ft unit*
